5.1.1 At the end of each study period, following submission of all unit results but prior to their publication, the Academic Status of all current students is reviewed by the Curtin College Board of Examiners (BoE).

5.1.2 Academic progress is assessed on the basis of a student’s performance in the last study period and takes into account their overall performance to date in the program in which they are currently enrolled.

5.1.4 Academic status shall be one of the following three categories: Good Standing, Conditional and Terminated to be determined as follows:

Students whose appeal against their Academic Status is successful will revert to their previous highest Conditional Academic Status.

5.4.3 Where an international student has been placed on Terminated status and does not appeal, or whose appeal is unsuccessful, then they may be in breach of their Student Visa Condition ‘Achieving Satisfactory Course Progress’. In such a case the student will be reported to the Government Department in accordance with relevant legislation which may result in the cancellation of their student visa.

5.5 **Extension of CoE for International Students**

5.5.1 The Curtin College BoE will review the academic progress of students at the end of each study period. In the case where the CoE will expire as a result of unsatisfactory academic progress the BoE will ratify the appropriate renewal/extension in accordance with relevant legislation. Such variations will be recorded on the student’s file, a new CoE will be issued, and the Government Department notified of this Program extension and the reason via PRISMS.

5.5.2 If the BoE deems that an extension of the CoE is not appropriate, the Academic Director (or nominee) will contact the student to advise of the reasons. If a student is dissatisfied with the decision they may submit a written appeal against that decision of the College’s Appeals Policy.
