1 Purpose and Scope

1.1 Introduction

This Student Complaints Policy sets out the approach of Curtin College relating to the management of student complaints.

1.2 Purpose

The purpose of this Policy is to ensure all current and prospective students of Curtin College are given access to a fair complaints resolution process. A student has the right to raise a complaint and to have that matter considered with courtesy, at no or minimal cost, in a timely fashion and without fear of prejudicial treatment.

1.3 Scope

Any current or prospective student of the College or its partner providers who believes they experienced incorrect, inappropriate or unfair treatment in the course of their relationship with the College (or any of its Agents or other related parties engaged by the College) is entitled to access the complaints process set out in this policy, regardless of the location of the campus at which the matter has arisen, the student's place of residence or the mode in which they study.

A student may lodge a complaint at any time while they are a current or prospective student of the College. A student has 20 working days, from the date of the decision or event, to lodge an appeal. Former Students of Curtin College who seek to appeal a decision made during their enrolment at the College will be dealt with on a case-by-case basis and at the discretion of the College Director and Principal.

Due to legislative requirements in Singapore, Curtin College students studying on the Curtin Singapore campus should refer to the '[Student Complaints – Singapore](#)' Policy.

Curtin College employee complaints are to be dealt with according to the terms set out in the Curtin College Enterprise Agreement or Navitas Staff Grievances Policy, depending on the nature of their employment.

2 Policy Statement

This policy has been developed in line with requirements set out in Higher Education Support Act 2003, The Education Services for Overseas Students Act (ESOS) 2000, the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2018 (National Code 2018) – Standard 10; and the Higher Education Standards Framework 2021 (Threshold Standards) - Standard 2.4.

2.1 Policy Principles

The principles that underpin this policy are as follows:

- The consideration of complaints will be dealt with according to principles of procedural fairness which respect the right of a complainant to be heard by an impartial party.
- In all matters of dissatisfaction, students and staff should attempt to resolve the conflict informally in a cooperative manner. If this is not possible, or the outcome is unsatisfactory, the formal process may be commenced. It is best practice that issues are resolved as close to the source as possible.
- Complainants and respondents will not be subject to discrimination or harassment resulting from their participation in the complaints process.
- This complaints process does not restrict or preclude a student's right to further action under Australian Law.
- Staff will make all attempts to respond to complaints within the time limits set out in this policy.
- The Complaints process forms part of this policy and is available on the College's website; www.curtincollege.edu.au

- Complainants and/or respondents have the right to be accompanied by a third person acting as a support person (such as family member, friend, counsellor other professional support person, other than a qualified legal practitioner), if they so desire.
- All communications arising from the complaints process, together with the proceedings of the Complaints Committee, will remain confidential, except to the extent necessary to give effect to this Policy.
- The complainant can formally present their case at no cost to them, to an external agent (refer External Complaints Agencies section).
- If an internal or any external complaint handling process results in a decision that supports the student, the College will implement the decision and advise the complainant of the outcome.
- The Curtin College Student Counsellor is available to assist students with preparing a written complaint. The Student Counsellor cannot give advice regarding the likelihood of success.

2.2 Types of Complaints

- Academic
 - Curriculum content and its delivery
 - Class timetabling and exam timetabling matters
 - Exam procedures
 - Teaching staff
- General (Non-Academic) Complaints relate to the following:
 - Agent misrepresentation of college and/or programs
 - Customer services and administration
 - Facilities
 - Fees payments, refunds, and finance related matters
 - Marketing related information
 - Refusing admission to a course or cancellation of enrolment
 - Transfer of provider (Release)
 - Staff
 - Wellbeing (pastoral care)

2.3 Academic and General Complaints Process

Informal Resolution

Prior to lodging a formal complaint, the College encourages the complainant to contact the relevant academic or administrative staff member to discuss the matter and seek an acceptable resolution.

If the complaint cannot be resolved through informal direct communication with the respondent(s), they should commence Stage One of the complaints process explained below.

Stage One - Formal Complaints Process

The complainant must lodge their complaint in writing by completing the 'Complaint' form located on the Curtin College [website](#) and email it to complaints@curtincollege.edu.au within 20 working days of the complaint issue becoming known.

Within 10 working days of receipt of the complaint, the Quality and Compliance Manager or nominee will provide in writing the outcome to both complainant and respondent.

Stage Two - Complaints Committee

Where the complainant is unsatisfied with the outcome of Stage One and believes that:

- there was insufficient opportunity to present their case to the decision-maker (must provide reasonable information that can specify how the student was prevented from presenting their case to the decision maker); or

- the decision was made contrary to the evidence provided (must specify why the decision is considered contrary); or
- the process was not carried out in accordance with College's policy or procedures (must state what College policy or procedure was not followed and how the process was not carried out correctly); or
- new information or evidence is available that has not been previously considered (must specify what the new information is, and why it should affect the outcome).

the complainant can lodge a written statement of their complaint to the Complaints Committee via complaints@curtincollege.edu.au. This statement must be lodged within 10 working days of receiving the written notification of the outcome of Stage One negotiations.

To avoid any apprehension of bias, an alternative Committee member will replace any Committee member responsible for the decision that led to the complaint, or who was involved in earlier resolution processes.

Complaints to the Complaints Committee are to be sent to complaints@curtincollege.edu.au. The committee will review the complaint and within 10 working days the complainant will be informed of the outcome in writing. The Committee may ask either the complainant or respondent (or both) to present their case in person to the Committee.

There is no cost associated with a complaint to the Complaints

Stage Three - External Agencies

Where a student engages in the Curtin College Complaints process, it does not remove their right to pursue other legal remedies or take further action under Australia's consumer protection laws.

Where the complainant is unsatisfied with the outcome of the Stage Two, they may lodge an appeal with an External Agency (refer clause 2.6).

2.4 International Student - Complaint Process for Refusal against Transfer (Release)

Stage One – Formal Complaint Process

Where a student's request for release has not been supported, the student can lodge a complaint by completing the 'Complaint' form located on the Curtin College [website](#) and email it to complaints@curtincollege.edu.au. Students have 20 working days from the date the student was notified that their request was unsuccessful, to submit their complaint.

The Quality and Compliance Manager or nominee will investigate the complaint and will provide a written response to the complainant within 10 working days of receipt of the complaint.

Stage Two - Complaints Committee

Where the complainant is unsatisfied with the outcome of Stage One and believes that:

- there was insufficient opportunity to present their case to the decision-maker (must provide reasonable information that can specify how the student was prevented from presenting their case to the decision maker); or
- the process was not carried out in accordance with College's policy or procedures (must state what College policy or procedure was not followed and how the process was not carried out correctly); or
- the decision was made contrary to the evidence provided (must specify why the decision is considered contrary); or
- new information or evidence is available that has not been previously considered (must specify what the new information is, and why it should affect the outcome);

The complaint should be submitted within 10 working days of receiving the written notification of the outcome of Stage One negotiations and address any points noted and provision of further evidence to support their case to the Complaints Committee via Complaints@curtincollege.edu.au.

When applying for a review of decision through a formal appeal, the student bears the onus of proof and is responsible for establishing that the decision in the first instance was an unreasonable decision.

The case must be clearly presented and provide all relevant evidence from the beginning of the complaint process. New evidence should not be introduced during the process unless:

- there has been a major change in circumstance since the student first initiated the complaint;
- the new information or evidence was not reasonably available to the student at the time the complaint was initiated; and
- the new information or evidence has a material effect on the complaint.

To avoid any apprehension of bias, an alternative Committee member will replace any Committee member responsible for the decision that led to the complaint, or who was involved in earlier resolution processes.

Complaints to the Complaints Committee are to be sent to complaints@curtincollege.edu.au. The committee will review the complaint and within 10 working days the complainant will be informed of the outcome in writing. The Committee may ask either the complainant or respondent (or both) to present their case in person to the Committee.

There is no cost associated with a complaint to the Complaints Committee

Stage Three - External Agencies

Where the complainant is unsatisfied with the outcome of the Stage Two, they may lodge an appeal with an External Appeal body (refer clause 2.6).

Note: Curtin College will not finalise the student's release status in PRISMS until the complaint finds in favour of the College, or the overseas student has chosen not to access the complaints processes within the 20-working day period, or the overseas student withdraws from the process.

2.5 Complaints Committee membership

The Complaints Committee shall be comprised of at least three from the following list:

- Academic Director
- Admissions Manager
- College Director and Principal
- Commercial Finance Manager
- Curtin University International Regulatory Compliance Co-ordinator (or nominee)
- Director Marketing & Recruitment
- Marketing Managers
- Program Managers
- Quality and Compliance Manager
- Student and Academic Services Manager
- Student Counsellor

The Complaints Committee may recommend a change in college policy or procedure as a result of their deliberations. The relevant Senior Officer will be asked to respond with an action plan, or a rationale why recommendation is not implemented.

2.6 External Review Agencies

Where the complainant is not satisfied with the outcome of the Complaints Committee hearing, and believes that:

- there was insufficient opportunity to present their case to the decision-maker; or
- the process was not carried out in accordance with the College's Complaints policy or procedures; or
- the decision was made contrary to the evidence provided; or
- new information or evidence is available that has not been previously considered,

they may request that the matter be reviewed by the National Student Ombudsman (NSO): <https://www.nso.gov.au>. The NSO is a free, confidential and accessible service to all students in Higher Education Institutions.

While the parties attempt to resolve the matter, where relevant, the student will be expected to continue to attend classes as normal (unless the student has a reasonable concern about an imminent risk to their health and/or safety).

IF EXTERNAL REVIEW IS ENGAGED WITH:

The complainant has 10 working days from the date of the decision delivered by the Complaints Committee to submit a request for an external review. The complainant must provide written notification that they have initiated an external review and provide this information in writing, along with the reference number provided by the NSO. This will ensure appropriate governmental reporting can occur, where applicable.

- If the external review results in a decision or recommendation in favour of the student, the College will immediately implement the decision or recommendation and/or take the preventive or corrective action required by the decision and advise the student of that action.
- If the external reviewer makes any general findings or recommendations, the College agrees to appropriately consider those findings or recommendations,
